

CONSEURO

XXV NATIONAL &
XII INTERNATIONAL
SEOC CONGRESS

April 3-5, 2025

CÓRDOBA

PROGRAM

09:00 - 09:30

REGISTRATION

JULIO ROMERO DE TORRES ROOM

09:30 - 13:00

FACULTY MEETING OF EUROPEAN FEDERATION OF CONSERVATIVE DENTISTRY

Chairs:

Niek Opdam and Miguel Roig

'DEEP MARGIN ELEVATION', what is it and is it needed in the curriculum?

9:30 - 10:20

Introduction of the theme by Niek Opdam and Miguel Roig
Welcoming the people on the teachers meeting

'Deep Margin elevation', what is it and is it needed in the curriculum?

DME: what is this technique

What is the evidence from the literature?

Clinical considerations for subgingival adhesive restorations

10:20 - 10:40

Presentation of cases DME by Nicola Scotti

10:40 - 11:00

Presentation of cases DME by Andrea Tinti

11:00-11:30
BREAK

11:30 - 12:30

Workgroup discussions. Workgroups will be presented with specific statements that they should discuss:

DME should be trained to undergraduate students clinically/preclinically

DME should only be used for indirect subgingival non retentive restorations

DME is a better alternative for crowns

Direct class II composite restorations with margins in dentin/subgingivally are contraindicated

Rubberdam is mandatory for all adhesive restorations

12:30-13:00

Reporting and general discussion

13:00 - 15:00

LUNCH OF FACULTY MEETING. COCKTAIL.
PATIO ESPÍRITU CÓRDOBA RESTAURANT

14:30 - 15:00

REGISTRATION

Thursday 3rd April 2025
